PROFESSIONAL SUMMARY

Skilled and detail-oriented carpenter with over 10 years of experience in woodworking, custom furniture design, and workshop management.

Proven ability to lead teams, interpret technical drawings, and deliver high-quality projects on time and within budget.

Adept in working with various materials, tools, and advanced carpentry techniques. Seeking a position to contribute craftsmanship, leadership, and efficiency to a professional carpentry team in Canada.

WORK EXPERIENCE

Workshop Manager

Studio HD - Hatzor HaGlilit, Israel

2018-2024

- Managed daily operations of a busy carpentry workshop, ensuring seamless workflows and high-quality outputs.
- Interpreted technical drawings and developed efficient production processes, including material procurement.
- Supervised and trained a team of carpenters, assigning tasks based on skillsets and project priorities.
- Designed templates and implemented technical solutions to streamline production and enhance precision.
- Monitoring project timelines, ensuring on-time delivery while maintaining exceptional quality standards.

Carpenter

Carpentero - Rosh Pina, Israel

2018-2019

- Built custom kitchens and residential furniture based on detailed blueprints.
- Maintained and organized inventory of raw materials, tools, and hardware.
- Worked with solid wood, veneer, and plywood, ensuring attention to detail in all manufacturing stages.
- Operated advanced carpentry machinery, including table saws, planers, and hand tools, with a focus on safety and precision.

Furniture Designer

Metro Furniture - Tel Aviv, Israel

2014-2018

- Consulted with clients and interior designers to create custom furniture designs tailored to their needs.
- Created technical drawings and selected materials for production.
- Worked with wood, metal, and textiles to produce unique and high-quality furniture.
- Curated store displays and organized furniture layouts to attract target customers.

Production Manager

Studio Craft - Tel Aviv, Israel

2013-2014

- Managed production processes for high-end concrete products, collaborating with architects to execute designs.
- Supervised a team of workers, ensuring project deadlines and quality standards were met.
- Designed and fabricated custom molds using RTV rubber and wood for bespoke projects.
